

Members of BSG joyfully welcome
New Friends to the world of Soka

JULY 3RD: ADVANCING KOSEN-RUFU ON THE PATH OF ONENESS OF MENTOR AND DISCIPLE WITH OUR NEW FRIENDS

Dear Mathematicians of Happiness,

Many congratulations on successfully holding the New Friends Meetings on 22nd June. Thanks to the sincere efforts of all our members, close to 1150 new friends attended this meeting across BSG. Let's continue to do our best to reach out to them, add them in BDS and teach them Gongyo and Daimoku so they savor the profound joy of faith and practice. Truly, there is no better way to commemorate July 3rd than by cherishing these new friends – this is the very heart of our practice: Shakubuku.

July 3rd signifies the spirit of oneness of mentor and disciple – a day when disciples renew their vow to forever walk this noble path together. Victory is assured when we advance kosen-rufu through faith, practice and study on this shared journey. Seeking mentor in one's life is the core of all our activities. In fact, holding dialogues and doing shakubuku is our way of responding to our mentor's call and expressing our deep gratitude.

Ikeda Sensei writes, ***"Each day, I tell myself, 'As a disciple of President Toda, I will respond to his aspirations! I will create a record of kosen-rufu that***

would make him proud!' By doing so, no matter what difficulty I may encounter, I can bring forth the courage to never become disheartened!" (VC, July 2022, p. 60).

No matter what the challenges we may face in our daily lives, if we establish the spirit of never being defeated for the sake of our mentor – by engaging wholeheartedly in kosen-rufu activities, taking care of our members and striving as statistics incharges with the help of BDS, we can achieve all our cherished goals and targets.

Let's move forward together in teaching the basics of faith and practice to these new friends who have joined the world of Soka with a lot of hope. Armed with our true identity as Bodhisattvas of the Earth, let's treasure each life and build that happy, harmonious world which Sensei envisioned.

Striving in faith and kosen-rufu on the path of oneness of mentor and disciple is the surest way to achieve victory after victory. Let us ensure the eternal flow of kosen-rufu, based on this spirit.

- By ABACUS Editorial Team ●●●

BSG STATISTICS DEPARTMENT MOTTO

"With the heart of oneness of mentor and disciple, we cherish each life as Bodhisattva of the Earth and strive diligently towards the dynamic and eternal advancement of Kosen-rufu."

FOREVER COMMITTED TO SPREADING THE MYSTIC LAW

STRIVING WITH AN AWARENESS OF OUR MISSION

Nichiren Daishonin writes, "Those who become Nichiren's disciples and lay believers should realize the profound karmic relationship they share with him and spread the Lotus Sutra [Nam-myoho-renge-kyo] as he does" ('Letter to Jakunichi-bō', WND-1, 994).

We are Bodhisattvas of the Earth who have chosen to be born at this time because of our wish to carry out kosen-rufu together. When we chant daimoku with an awareness of our profound mission and karmic connection, infinite strength and wisdom will surge forth from within us.

Spreading the Mystic Law is the foremost action of a Buddha. So, let's joyfully and positively challenge ourselves in this endeavor.

SOWING THE SEEDS OF THE MYSTIC LAW

Sharing Nichiren Buddhism is a noble undertaking in which we show utmost respect for each person and sincerely encourage them.

There are times when our words, no matter how well intentioned, do not reach the other person. We may have bad or bitter experiences. But all such efforts are transformed into treasures for our lives.

Nichiren Buddhism is the Buddhism of sowing. With even a single word, we can plant the seed of Buddhahood in another person's life. Such a seed, once planted, will someday definitely sprout, blossom, and bear fruit.

Because our members have tirelessly planted the seeds of the Mystic Law again and again wherever they went, a great forest of kosen-rufu has flourished around the world.

People are eagerly seeking Buddhism today. Therefore, I want you, the youth, to press ahead with courage, engaging in dialogue and sharing your beliefs.

- (*Humanology of Victory*, p. 86-87) ●●●

ETERNAL GUIDELINE FOR THE STATISTICS DEPARTMENT

"A membership card is not a piece of paper; it is the life of one person. In it, the life pulsates, the personality is contained, and the drama of awakening in faith and rebirth is played out. There exist the human-to-human bonds of warm trust. Because we have been cherishing each person to the utmost, we see the magnificent development of the Soka Gakkai today."

- Daisaku Ikeda

TRANSFORMING MY REGION,
TRANSFORMING MYSELF

Ishita Samanta
Region Statistics Incharge,
West India 1 Area

Scan to listen to
the experience

I am Ishita Samanta, practicing since 2013. Starting off as a district statistics incharge taught me to cherish each life and helped me break my inhibitions in holding dialogues.

Last year in August, I shifted to Invincible Baner Pashan (IBP) region and became a region statistics incharge. Initially I struggled to understand the geography of the region for which I took help from the other statistics incharges. I also began marking the pending graduations. While FD graduations progressed smoothly with support from FD incharges, updating YD graduations, especially with many inactive members, remains a work in progress. Together as statistics incharges, we've also been actively connecting with inactive members who moved out, updating their addresses and raising their transfers.

Preparing statistics presentation for the region level training course at the start of this year revealed stark realities—though we have had stable attendance and many new friends joined in early 2024, yet Friend to Member (FTM) trend was low, with some districts showing stagnant or declining attendance. Personally, I was also facing financial challenges, doubted growth opportunities and dealt with uninspired juniors at work.

At this point, the training course pushed us into focused daimoku and action. We started checking the attendance immediately after the discussion meeting and analysed the attendance trend. Whenever the attendance was low, we organized the supplementary discussion meetings. We have kept a

record of all new friends — from their first meeting to learning gongyo, daimoku, and eventually becoming members. This also helps us in observing the monthly FTM trend.

As a result, 8 guests out of 34 have become members, one chapter is reporting an average attendance of 27 in each district and another chapter which had the fewest new friends is now leading in introductions. Consistent home visits and daimoku have revived some inactive members, and opening the BDS and analysing the statistics has become a habit among leaders.

Sensei says, ***"It is in the ocean of dialogue that a person can become truly human"*** (daisakuikeda.org). Though dialogues don't come naturally to me, with focused prayers, I have been able to hold 2 dialogues at my workplace, another with a co-passenger and also with my family members who chant but do not yet attend meetings.

My job requires regular reporting and performance analysis. Opening BDS regularly has made me meticulous at work, earning appreciation from clients, leading to a promotion and salary hike. Patience developed through statistics responsibility has also improved my team dynamics.

Basing everything on prayers, I am determined to introduce at least 6 lives to this practice, achieve a membership growth of 156 in my region, nurture friends to become members, undergo my own human revolution and become healthier by year's end. ●●●

Mathematicians of the Month

Timely attendance marking is an expression of reporting victory to Ikeda Sensei by statistics incharges!

Introducing the zones where all the districts marked the 'Discussion Meeting' attendance in the month of June 2025.

We accord these zones as 'MATHEMATICIANS OF THE MONTH' for June 2025.

MEETINGS IN JULY 2025

Date	Meeting Type	Responsibility to mark attendance
5 th July 2025	Young Phoenix Meeting	Region Statistics Incharge
6 th July 2025	Gosho Study Meeting	District Statistics Incharge
27 th July 2025	Discussion Meeting	District Statistics Incharge

Let's promptly mark the attendance of the above meetings and report victory as statistics incharges!

Do You Know?

Some facts about Gohonzon Application

- 1) Region statistics incharge can create a batch for two Gohonzon applications also.
- 2) The District statistics incharge can resend the consent email to the member if needed.
- 3) If you're unable to locate the application status, you can check it using the Member ID and Application date!

Q. How do we facilitate transfers for the members who travel abroad either for a short duration or relocation?

While member transfers within India are done through BDS, same is not done via BDS for members who travel abroad. **For members to visit the local SGI culture centre or get connected to the local organisation abroad, they need to obtain "Letter of Introduction" (LOI) from BSG office prior to their travel.**

Members need to send their request for obtaining LOI to

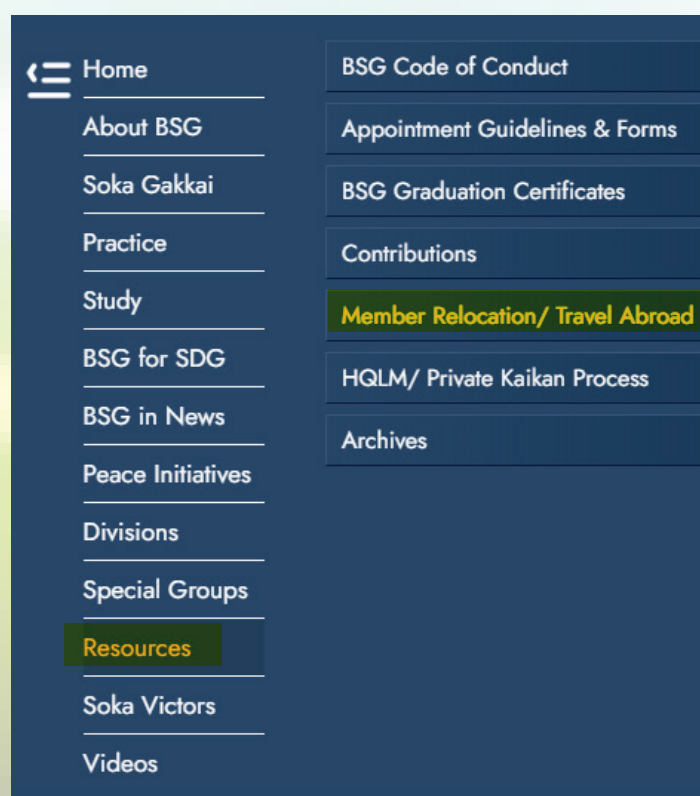

overseas@bharatsokagakkai.org using an application form at least

- two weeks before the date of travel to other countries in case of short visits (visits with duration of less than 6 months)
- at least 1 month in advance in case of relocation to other countries

The application forms, along with detailed **LOI** guidelines are available on the BSG Trailblazer Portal (www.trailblazerbsg.org/) under **Home >> Resources >> Member Relocation/Travel Abroad**.

Members must fill complete details in the form as per the BDS to receive the **LOI** on email within 15 – 20 days with the address and contact details of the SGI Culture Centre

All members relocating or travelling on short visits need to contact the local SGI Culture Centre by themselves with the **LOI** received from BSG instead of waiting for the SGI culture centre to contact them.

ABACUS Editorial Team, in conversation with

Mukul Sinha
Region Statistics Incharge, South Delhi Area

Please share your journey of being a statistics incharge?

Also, if you would like to share any success story?

I started practicing in 2014 as a YMD and began taking care of statistics. Later, I graduated to MD, became a chapter leader and supported as chapter statistics incharge. Now I continue with my statistics responsibilities at the region level.

Through this journey, I have come to realize that being a statistics incharge is not just about marking attendance but about taking care of lives.

Using BDS, we can generate customised member lists to support various campaigns such as for the ongoing WD campaign, I was able to support by providing chapter-wise WD list. As statistics incharge I also promptly respond to transfers.

Personally, this journey has helped me grow immensely – in my job, career and family life. Everything is arranged when the statistics is arranged.

How has being a statistics incharge helped you personally?

Being a statistics incharge has helped me develop a serious and proactive attitude in my daily life. In faith, we trust

the statistics incharges and depend on them. Likewise, in life too, we must earn others' trust and become dependable. I have realised that being diligent in statistics activities has helped me stay in rhythm and become more disciplined.

Please share your experience of working on BDS?

I feel that BDS has many dimensions – the more you explore, the more you learn. There are so many modules in BDS that you cannot simply learn theoretically; you have to examine, explore and learn by going through the BDS. It may take some time initially but gradually you get a good understanding of BDS. Further, having some in-person training sessions for newly appointed statistics incharges can be very helpful.

What is your determination as statistics incharge towards 2030?

I am determined to stand up as a capable individual and disciple of Ikeda Sensei and take every action needed for the growth of my region. I will chant and wholeheartedly support in reviving the faith of inactive members in my region.

In this month's puzzle, we are carrying few riddles. Each verse is talking about something that we strongly uphold in our faith and practice. Take a moment to read, reflect and solve.

Example:

I chant, reflect, and grow each day,
Transforming doubts that block my way,
Start within – is the solution,
Each day, I undergo my __ m __ __ v _ _ _ _ _ (5, 10)

Answer:

Human Revolution

- 1) Each life a jewel, shining bright,
I treasure all with deepest sight.
This caring heart, ever nourishing
Is the spirit of _ _ _ _ _ h _ _ _ (10)
- 2) In joy or struggle, bright or blue,
I chant and find a higher view.
With humble heart and attitude
I live each day with _ _ _ t _ _ _ _ _ (9)
- 3) I'm not just a name or list you see,
I'm a vow to spread hope and peace.
With fellow comrades, hand in hand,
We are expanding across the land.
In kosen-rufu, I take my grip
Who am I? I'm _ _ _ b _ _ _ _ _ (10)
- 4) Each goal achieved, each life we touch,
Counts far beyond mere numbers' clutch.
Proof of faith in action ticks
This is the heart of _ _ _ t _ _ _ _ _ (10)
- 5) I'm the promise that won't fade,
In storm or sun, I'm firmly made.
For others' joy, I lead the way,
Chanted in daimoku every day.
A mission held, not just for now
Who am I? I'm your _ _ _ a _ _ _ _ _ (5, 3)

6) I'm the reason you rise each day,
To spread the light and show the way.
In every chant, I find ignition,
A life of value - that's my _ _ _ _ i _ _ (7)

7) With each beat, I light your fire,
Fuel your dreams and lift you higher.
Chant me loud, I break through gloom
What am I? I make life bloom!
_ _ _ _ _ (7)
